

# Petition for PLNU Chapel to Preach the Gospel

It is unfortunate, but PLNU Chapel has largely stopped preaching the gospel. They avoid talking about sin and our need for a savior, which diminishes the power of the cross. Chapel intentionally avoids preaching convicting and deep messages in order to not offend the student population, which in turn hurts the students' understanding of Christ. This also contributes to why many students feel that chapel is unengaging, because there is not much given for students to engage with. For the students attending chapel week after week, Jesus and the Gospel are reduced to "love your neighbor and you are good to go." This petition is for PLNU Chapel to change their practices and preach the biblical Gospel which includes: our sin, the condemnation because of our sin, our subsequent need for a savior, Jesus' death as the atoning sacrifice for our sins, and our need to repent and trust in Christ in order to be saved. The gospel has been diminished, obscured, and euphemized to the point of unrecognizability, and if you get the gospel wrong, then you get salvation wrong.
